

A-LOOK SYSTEM

The A-Look System is a modular elevator interior system designed for streamlined modernization, ease of maintenance, and premium aesthetic appeal. Engineered to meet the needs of consultants, architects, and building owners. A-Look provides a highly adaptable and efficient solution for a variety of project scopes, from standard upgrades to luxury custom interiors.

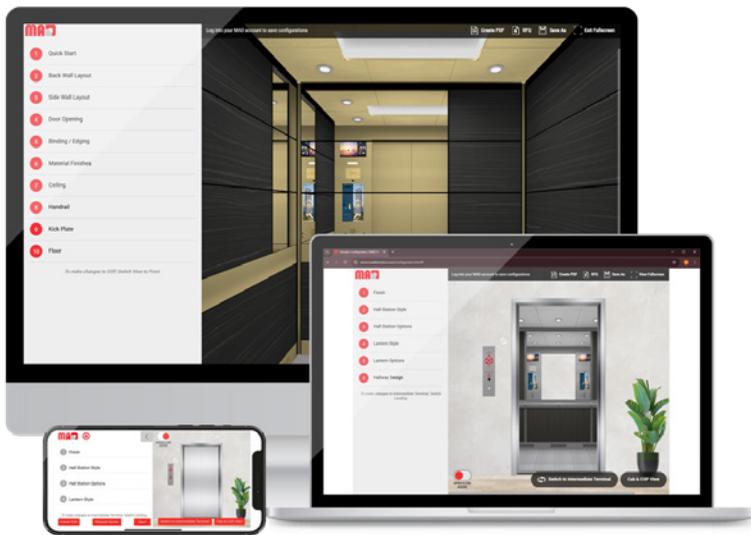

- ◉ Individually removable panels for quick updates and replacements.
- ◉ Supports wood veneers, laminates, metals, glass, and stone for flexible design options.
- ◉ Reversible laminate and metal panels extend lifespan and reduce costs.
- ◉ Framed panel design with exposed trim for a structured, high-end look.
- ◉ No visible fasteners for a clean, modern aesthetic.
- ◉ Rapid installation minimizes downtime, ideal for fast-paced projects.
- ◉ Customizable for luxury interiors, supporting high-end materials and finishes.
- ◉ Layout Weight Options - Available in Regular & Light.

Features

- ◉ Reversible Panels - Simply flip a damaged panel to limit downtime, maximize lifespan, and save money
- ◉ Removable Hidden Pad Hooks - Available on most models
- ◉ Handrail - Bolted securely through cab shell and removable from inside cab
- ◉ Aluminum Panel Edge Extrusion - Protects vertical panel edges
- ◉ Removable Stainless Steel Kick Plate - Removable without removing the panels for floor work
- ◉ Patented A-Look™ Interlock Extrusion - Protects the panel edges and offers the convenience of reversible horizontal laminates.

Elevator Configurator

Design a cab from anywhere with an internet connection!

Using a computer or tablet (iOS/Android), the user can interactively make selections to work with their client to finalize their cab project concept.
