

B-LOOK SYSTEM

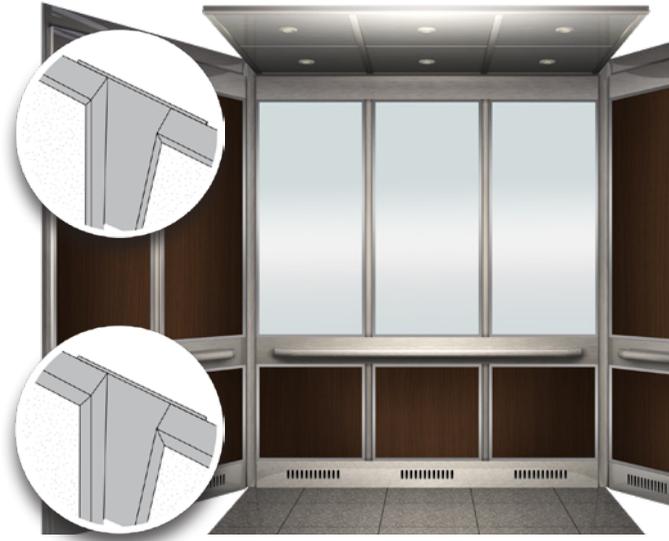

The B-Look System is a modern elevator interior solution designed for a seamless aesthetic, efficient installation, and long-term durability. Ideal for consultants, architects, and building owners, B-Look provides a refined, flush-panel design that enhances both new construction and modernization projects. The B-Look System delivers a sleek, uninterrupted finish with practical functionality, making it a top choice for elevators requiring a polished, contemporary design.

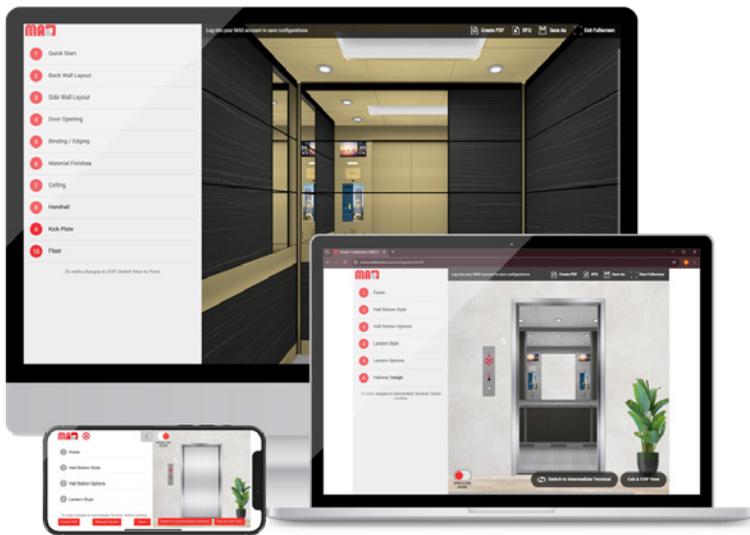

- Supports a variety of materials, including laminates, metals, glass, and stone.
- Quick installation reduces downtime for fast-paced projects.
- Customizable for premium interiors, accommodating sophisticated design concepts.
- Hang-on panels trimmed in SS#4 anodized aluminum C Trim.

Features

- ◉ Removable Hidden Pad Hooks - Available on most models.
- ◉ Flexible Reveals run under the panels by 1"
- ◉ Handrails - Bolted securely through the cab shell and removable from inside the cab interior.
- ◉ Other Binding Options - Four different binding options to choose from: "L" Bind, "J" Bind, Self Edged & Black PCV
- ◉ Removable Stainless Steel Kick Plate - Removable without needing to remove wall panels for floor work.
- ◉ Layout Weight Options - Available in Regular and Light.
- ◉ High-quality construction meets ASME 17.1/CSA B44 code standards.

Elevator Configurator

Design a cab from anywhere with an internet connection!

Using a computer or tablet (iOS/Android), the user can interactively make selections to work with their client to finalize their cab project concept.
