

C-LOOK SYSTEM

The C-Look System is a traditional elevator interior solution designed for long-lasting durability, easy maintenance, and a timeless aesthetic. It is ideal for consultants, architects, and building owners seeking a cost-effective, reliable panel system for both new construction and modernization projects. The C-Look System offers a proven, adaptable design that ensures long-term performance while maintaining a professional, polished appearance.

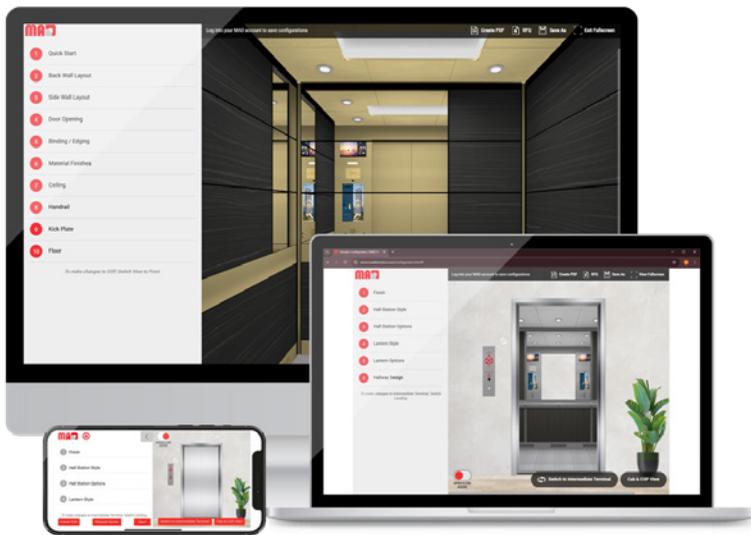

- ◉ Timeless, classic panel design suitable for a wide range of interiors.
- ◉ Individually replaceable panels for easy maintenance and updates.
- ◉ Durable construction supports high-traffic environments.
- ◉ Compatible with various materials, including laminates, metals, and wood veneers.
- ◉ Quick installation for efficient project turnaround.
- ◉ Cost-effective solution with a balance of aesthetics and functionality.

Features

- ◉ Reversible Panels - Simply flip a damaged panel to limit downtime, maximize lifespan, and save money
- ◉ Reversible Panel System - Provide twice the life for one price. Excludes back painted glass and mirrors.
- ◉ Patented C-Look Extrusion - Protects the panel edges. Black glass reinforced Fluted Polycarbonate inlay.
- ◉ Handrails - Bolted securely through the cab shell and removable from inside the cab interior.
- ◉ Removable Stainless Steel Kick Plate - Removable without needing to remove the wall panels for floor work.
- ◉ Layout Weight Options - Available in Regular, Light, and ultra-lightweight classes.

Elevator Configurator

Design a cab from anywhere with an internet connection!

Using a computer or tablet (iOS/Android), the user can interactively make selections to work with their client to finalize their cab project concept.
