

MATISSE DIGITAL SIGNAGE

The Matisse digital signage product brings the elevator notice board into the 21st century.

Using the MosaicONE digital signage management software by MAD – you can create customized digital designs for your elevator signage. With the easy-to-use cloud-based editor, you can preview and publish your content from anywhere with an internet connection, or schedule in advance.

Our team is happy to help customize your project and get you running in no time.

Seamlessly integrate:

- News & RSS feeds
- Time & Weather
- Stocks
- Pictures & Videos
- HTML content
- Scheduling
- Fully customizable

Create & Manage Your Content

Content Options

Content Areas

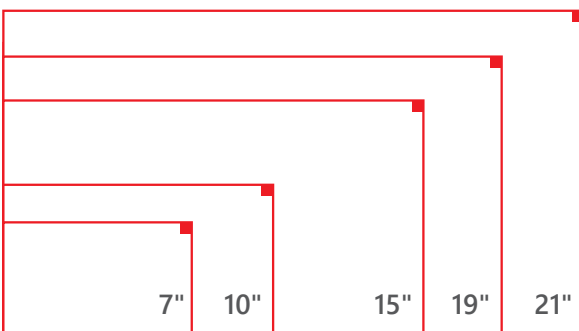

Content Properties

1. Photo Gallery
2. Date Display
3. Time Display
4. Weather Forecast
5. Current Weather Display
6. News

Manage all your digital notice boards from one browser login. With just a few clicks, schedule important notices days, weeks, or months in advance for display at the assigned time on the appropriate day. You can do it all yourself or delegate the responsibility to other users. MAD Elevator also provides design services subscriptions for users who do not have a creative team to create and update their displays

Matisse Screen Sizes

Sizes & Dimensions

Sizes	Viewing Area	Resolution
10.1"	8.764" x 4.925"	1024 x 600 px
